# Editorial Notes.

The contemplated cut in the Sales Tax, by the King Government, will be a great boon to the small trader. The good work of the late Mr. Robb is being continued.

Miss Agnes Macphail will move in the Commons that for every hundred dollars spent on war work one soldier be spent on peace work. That is a good start, but the ratio is too small.

When the vacancies are filled Liberalism will have a majority in the Senate for the first time in many years. Will we have many more votes for the abolition of the expensive "fifth wheel"?

The snow was teamed off Main St. again on Monday. The huge mass of slush, which was piled up on the streets, is doomed by the advanced mode of travel. Cutters and shovels will soon be busy with the children of this generation.

Alberta, by the production of oil in Alberta, coal in Saskatchewan, Northern Ontario, and the Maritimes, will be able to supply the needs of Western Ontario. It would seem that Canada some day will be her own provider and save the nation an immense sum of money to be paid to the United States. This can be obtained for fostering trade within our own traders—and this is no idle dream.

The total number of accidents reported by industries in Ontario to the Workmen's Compensation Board in 1929 was 87,103 which included 519 fatalities. Statistics compiled by the Industrial Accident Prevention Board, covering the larger firms in the membership, indicate a general decline in the accident frequency. This is good news.

Speaking in the Labor Temple on Sunday night, Mr. Harry Sifton urged the Labor party to take a keen interest in the development of the Lawrence waterways to protect itself from advance in private monopoly.

He explained that the Government paid for Beaulieu power by the Hydro Electric Commission used to go to validating watered stock. The St. Lawrence waterways authority developed for the people by the governments of Canada and the United States. It is to be hoped that the Ontario Legislature will get busy on this subject. The development of electric energy are going to waste and thousands of men are unemployed.

There is no telling what the ladies can do when they make up their minds. When the Great War was on the Red Cross Society of Newmarket raised \$600 for an ambulance in France. Just recently over in the village of Artichoke, Ontario, the Patriotic Order turned over to the Village Council a park and a war memorial, also \$100 in cash, the interest on which is to be used for perpetual care of the plot. The entire amount was raised by donations and entertainments. The council did not give any grant. The design was by an old Arthur boy and the work was done locally. Many larger places cannot boast of such a record. Wonder if our ladies could not be interested in a Town Park at the North End. The Case falls for instance.

Referring to the unemployment situation, which is not serious in our market, the monthly letter of the Bank of Montreal says: "The unemployment situation is far removed from the distress point, being confined to a few larger cities where idle labor congregates. Official figures report 1,197 idle men employing 1,038,880 persons on December 1st, or 20,000 more than at the corresponding date in 1929, and throughout the year recently ended unemployment was at a higher level than ever before. Construction, manufacturing, mining, logging services and distributing trades have had for many months, and still have, large work rolls, and to these agencies of employment no serious check has been given. Building permits issued in December were 2.2% less in value than in the corresponding period of the preceding year, and enough projects are under way to ensure continued activity in construction and allied trades, while major industries, such as mining, newsprint, iron and steel will maintain output. The motor car industry, quiescent for the recent months, is gradually increasing its activities."

### BRIGHT BITS FROM EXCHANGES

February is shown as the shortest month, but there are those who look back at last November in the firm conviction that it holds all records for short averages.

The first motion to plead a case before the judicial committee of the Privy Council talked for five hours. It was hardly a favorable one.

# Our Toronto News

One million dollars in bail was fixed when the Toronto broke through charges of conspiracy to defraud the public in men's police court last week. The accused were a small group of men, were injured, two seriously, and the driver, one of the latter arrested, then the car, spinning like a top on slushy pavement at Queen and Eglinton streets, Saturday at midnight, wrapped itself around an iron stand.

## York County Council

Reeve D. E. Sprague of North Gwillimbury and Reeve F. A. Lundy of Newmarket were appointed to act in conjunction with the warden as County Commissioners for the current year. Reeve Sprague was elected by the voters and Reeve Lundy defeated Deputy Reeve Root, Altonow of Mimico when the vote was taken. Reeve Archie Murray of Aurora and Deputy Reeve Phillip of Newmarket of North York were appointed Industrial Home Commissioners for the current year.

## YORK COUNCIL REMAINS FIRED ON RADIAL OPERATION

York County Council will not relent in its attitude that the city should continue the operation of the Metropolitan Radial line, declared Reeve F. A. Lundy of Newmarket, chairman of the transportation committee on Wednesday night. Reeve Lundy was referring to the statement made by Mayor Wrenn at the Board of Control meeting that the county should either "defeat" the deficit, by the line or "We're not going to insist on an improved service just now but we will submit that the city has an agreement to continue the operation of the radial," stated Mr. Lundy. "We have a contract with them and our solicitor says that it is a legal agreement. We will remain adamant in our stand at the conference arranged for Thursday morning."

Traffic on Yonge St. is very heavy as it is and if extra buses are requisitioned in the service, what with the trucks needed to take care of the freight, there will certainly be congestion," he stated, referring to the fact that 20 buses to the system and scrap the radial. He said that the citizens of Toronto knew the situation they would deal with in a different light.

## CONDITIONS IN CHICAGO

Chicago, Feb. 5.—Bankrupt and beset by murderers, bombers and thieves, Chicago sank still deeper into debt with the threat of another payless day for city employees.

An explosion, believed caused by a bomb, roared through three west-side stores early to day, spreading flames that did \$50,000 damage and rounding out a week of crime and terrorism that had witnessed six gang murders and two shootings that may prove fatal to the victims. Two murders were added to the roll in the last 24 hours and in the space of ten hours there were 40 hold-ups.

## Did You Ever Stop To Think

That individuality sticks out all over advertised merchandise. That far seeing, careful, thinking people read the ads. They know the best is advertised.

That it is a well known fact that stores that advertise handle the highest quality goods, and the goods they sell give the greatest amount of satisfaction.

That careless acceptance of non-advertised goods on the part of buyers often causes them much grief.

That retailers who sell advertised merchandise can easily testify to the ease with which they sell them.

That they sell them easily because advertising has created the demand and the merchandise gives the customer satisfaction.

That the only sure way for merchants to secure the best trade is by carrying quality and using plenty of newspaper space.

## New Fire Truck Here.

Quite a lot of people were somewhat excited by the Fire Alarm Whistle on Monday evening until they learned that the new Fire truck had arrived and was to be tested on Fairy Lake. The alarm brought out a lot of citizens and the performance of the Fire truck was watched with much interest. It went under a pressure of 120 lbs., a heavy stream of water 100 feet high and appeared to give every satisfaction. The firemen were given instruction in its use on Tuesday morning, and the citizens can now be in peace now, knowing that the town is adequately protected in case of fire.

The new Fire truck is an attractive piece of machinery and cost \$6,000. It is a triple combination type, with a pump, a hose, and a ladder. It has a maximum horse power. Equipment includes 1,200 ft. of hose, two 10-foot wall and a 10-foot extension. The motor is a 40 horsepower and the whole truck is a Canadian product and costed its trials with an excellent performance.

## Newmarket Rushes Into Victory.

On Wednesday night of this week the crowd proved without a doubt the exhibition of hockey when Newmarket triumphed 4 to 1 in the second round of the O.H.A. playoffs. The game was a fast-paced affair. This period was somewhat exciting with both teams getting some goals. On account of Newmarket not having Townsend and Fisher playing, they had to work on either the period ended with no score on either side.

The second period proved most successful for Newmarket as they scored three goals. First of all, a shot from the puck into the net. This was followed by a goal from the puck into the net. This was followed by a goal from the puck into the net.

In the final frame Willowsdale stepped out and showed a bit of light but before many minutes had elapsed, Travis scored the fourth and last goal for the home side. Willowsdale then played four men up by this time and during a slight scramble in front of the Newmarket net the puck went into the net. The game ended with the score 4-1 in favor of Newmarket.

Travis and Fisher's positions were filled capably by Gibney and Craddock. There were several penalties assessed to Willowsdale receiving the larger number.

Newmarket lineup: Goal—Dilman, center—Molynaux and Smith, center—Travis and Fisher, left—Travis, right—Gibney and Craddock.

The return game will be played in the Willowsdale Arena on Friday night and a very thrilling game is expected. Plan to go down and help the boys win the round.

The Intermediate Christian Endeavor of the Christian Church held their annual banquet on Wednesday evening, Feb. 12th, about 100 being present. The usual songs and speeches were given, together with instrumental music which made a very enjoyable evening.

## Opening New Garage Addition.

An addition of a building 1st St. has been erected at the rear of the Mow's Garage to provide accommodation for his largely increasing business.

The completion of the building was celebrated by a dance on Wednesday evening, which was attended by about 200 people. Music was furnished by the "Gospel of John" band, and a most enjoyable time is reported.

## Disappointed Beecher Coming.

Do not fail to hear Ed. Beecher of Winnipeg in Trinity United Church on Wednesday evening, Feb. 12th, at 8 o'clock.

After first appearance before a Newmarket audience, he is making her second trip across Canada and is expected to be a real and realer and impersonator. Musical selections will be given by Miss L. Hart and the Male Quartet. Reserve this date.

Where Romans Landed IN ENGLAND Richborough, the port on the south-east coast of England, came into notice during the Great War. It was transferred from the dominion of Britain to France for nearly 600 years it was a busy town.

All sorts of remains have been dug up there from time to time. The number of Roman coins found reached 140,000.

Orville, Feb. 1.—Falling backwards into a cauldron of boiling oil, a man on the floor, Betty Salisbury, daughter of Mr. and Mrs. Archie Salisbury of Medford township, received serious injuries.

The child lived four days after the accident.

"Say," said the prospect who was being given a demonstration in a new car, "what makes it jerk so when you first put it in gear?"

"Ah," he replied, "that's explained, 'that proves it to be a real car—it's anxious to start.'"

## Udora.

Mr. and Mrs. Will Ruttle and Laura spent Tuesday evening with Mrs. Wells and Mrs. C. Ruttle.

A congregational meeting will be held in Udora United Church on Tuesday, February 11th. There will be election of officers, a short program and lunch served. Everyone is welcome to come and make the meeting a success.

On Friday night next, the League will hold their meeting, and after the meeting there will be choir practice.

Mr. and Mrs. W. Brethour visited her parents at Maslin Tuesday last. Last Friday evening the Udora League held a skating party in Sunday. Despite the bad roads and a few new reports, the skating was very enjoyable.

Hydro men are around once again. We hope to soon have the lights.

## HOPE TO DEVELOP WEST INDIES TRADE.

Canadian Delegation Seeks to Study Trade Possibilities.

"The idea of developing trade between Canada and the British West Indies is not a passing fancy with the signing of a trade agreement. The idea took the form of a definite plan and the visit of members of the Canadian Manufacturers' Association is intended primarily to strengthen the agreement to let them know down there that we mean business," said E. W. Walsh, General Manager of the Canadian Manufacturers' Association.

Shore before the Canadian National Association of Manufacturers, which is the "West Indies" called for Halifax for the last time. It was the twenty-sixth meeting of the Association.

"You might call this a good visit," said one of the delegates, "there will be pleasure mixed in, of course, but all the time we will be studying the West Indies in relation to trade with Canada. At the same time we are patronizing the Canadian National Manufacturers' Association, the fine vessels of which we feel are big factors in making possible the successful carrying out of the agreement."

## SOOTHED THE NAVAGE.

During the elections in Ireland a number of years ago, James P. Robertson was quarrelled at Dundee. He was expected, and he was requested by a woman matron to remain under a tree in case of trouble.

"It was a very still summer evening, and a lieutenant of the company was looking for his arms and was singing in a good voice. Just as he finished one of his songs—by that time it was well into the night—a thundering knock came on the outer gate."

"Who comes there?" shouted the lieutenant. "It is a woman, sir, and she is singing in a good voice. Just as he finished one of his songs—by that time it was well into the night—a thundering knock came on the outer gate."

"Who comes there?" again the sentry shouted. "It is a woman, sir, and she is singing in a good voice. Just as he finished one of his songs—by that time it was well into the night—a thundering knock came on the outer gate."

"Who comes there?" again the sentry shouted. "It is a woman, sir, and she is singing in a good voice. Just as he finished one of his songs—by that time it was well into the night—a thundering knock came on the outer gate."

## For the Busy Farmer

(Furnished by the Ontario Department of Agriculture)

Canadian butter leaves room for improvement both in quality and quantity. This improvement, according to a prominent dairy authority, will be brought about by improving the quality of the raw material through paying a higher price to the producer.

Uniform Price and Quality. Prof. H. H. Dean of O.A.G. has some timely advice for distributors of milk and other dairy products. He declares that milk and milk products of good quality produced at a fair and uniform price through out the year will satisfy the consuming public better than variations in quality and price. He suggests the following aids in this direction: Daylight and no "moonlight" delivery. This gives them the quality of milk, cartons for pound print butter, salt varieties of cheese like cottage and thus use profitably the "milk" system.

The "milk" system is a good one for duplication of milk routes, and courteous consideration of customers by all distributors and salesmen.

Winter Care of Pigs. The main factors in the successful rearing of pigs during the winter months are:

1. Early litters. Pigs intended for winter feeding should be farrowed not later than the month of September. This gives them the best of a good start before cold weather.

2. Clean yard. A good clover field or yard with clover seed is ideal for pigs to run in. Avoid old yards and wallows.

3. Clean and dry sleeping quarters. These should be entirely free from draughts, but provided with ventilation.

Suitable rations. From weaning until four months of age, the following ration will be satisfactory: 200 pounds of finely ground oats, 500 pounds of middling, 50 pounds of wheat bran, 50 pounds of barley or corn, 15 pounds each of linseed oil meal and tankage, 5 pounds of bone meal and 3 pounds of salt.

This should always be fed as a warm slop mixed with skim milk or buttermilk. As the pigs get older, increase the quantity of food and service clubs, especially the corn, and a few manure or apples given daily. Keep all pens clean and supply drinking water each day.

## Life Around the Hub

Aurora.

Mr. Thomas Sisman, accompanied by Miss Kathleen Sisman, Miss Marion Sisman and Miss Bond, left last week for Florida where they will spend a couple of months.

On Wednesday evening the Young Liberal Club of this place tendered a reception to Mr. William P. Mulock, a Federal candidate for this riding. Large number were present to meet the new candidate. Mr. Mulock gave a short speech expressing his appreciation of the honor conferred on him.

The north end garage, formerly occupied by Neal & Farr has been taken over by Mr. C. O. Nash of Newmarket, who will open a Ford sales and service garage, with a full line of genuine Ford parts and a staff of Ford trained mechanics. Mr. Nash will still continue his garage in Newmarket.

## Schomberg

Had Success in his Injuries. Despite a callous fall from a tree, last Friday night, Schomberg, aged 53, last Friday night. The lad was hurt Thursday when a tree fell on him.

A member of a "sawing bee" on the farm of William McElaine, 12 miles north of Schomberg, in King County, the youth was watching a king of the felled. A warning shout to other workers alarmed the boy and he ran directly into the path of the tree.

Unconscious and bleeding, the boy was taken into the farm house for treatment. On the arrival of Dr. A. C. Kay, of Schomberg, examination showed the lad was suffering from severe internal injuries and a crushed spine.

Little hope was given for his recovery. However, the boy lived a day and a night before his determined fight for life weakened and pneumonia set in.

## Nobleton.

Mrs. W. Rose is around again after her recent illness. Howard Goodfellow is on duty again after a business trip to Stoney. Everyone will be sorry to hear that Laura Nobleton, of the 7th line, was with a very nasty accident last Saturday. She was taken with a fainting spell while standing by the kitchen stove and in falling scraped a large teapot, the contents scalding her legs from the knees downward. Medical aid was at once summoned. She all hope for a quick recovery.

Mrs. J. Thompson is home, after spending a week with her son at Toronto.

Emery Macgavran has been very sick for the past ten days but is now on the way to recovery.

Mrs. C. Mitchell, of the seventh line, is again on the sick list.

Mrs. Petch is spending a few days at Lido.

There are quite a number of cases reported at Weston of scarlet fever and chicken pox.

Milk trucks are having great difficulty in getting along the slippery roads and through snow drifts around here.

Nobleton got their first defeat of the season—Schomberg 3, Nobleton 0. A good number of farmers around are busy putting in ice, drawing water, etc. Sledding instead of motoring is the vogue this severe winter.

As Nobleton and surrounding villages appreciate good music it may not be generally known there are regular organ recitals held at the Toronto University where visitors might enjoy a real treat without expense.

We are glad to report that Mrs. Helen Kaake is making good progress toward recovery.

## Vandorf

Mrs. Wm. Roberts spent a couple of days at Mr. Albert.

Mrs. Roy Morley and son, Grant, also Mr. and Mrs. Herbert Oliver, had Sunday dinner with Mr. and Mrs. Percy Allen.

Mr. and Mrs. James Jones from near Schomberg Junction visited his parents, Mr. and Mrs. Joe Jones.

Mrs. Wm. Jones and daughter, Mrs. Wm. Jones and daughter, visited with Mr. Graham's brother, Mr. Luther Allen, and sister at Bethesda on Wednesday.

The ladies are extra busy, snow-hauling trucks for the roads, several loaded trucks with their potatoes.

Mrs. Ralph Miller and daughter, Ruth had Sunday dinner at Mr. and Mrs. Joseph Jones. A niece of Mr. Jones, Evelyn Leigh of Aurora, also visited with the family.

The Ladies' Aid will meet at the home of Mrs. Joe Jones on Wednesday afternoon, Feb. 5th. They are looking for good turnout and a pleasant time.

Mr. Roy Morley and his mother, Mrs. Wm. Morley, visited at the home of Dr. and Mrs. Geo. Cowie in Toronto.

## NEW FALLS HIGHWAY IS BEING CONSIDERED

To Accommodate Two Million U. S. Tourists.

St. Catharines, Jan. 31.—That fully one-half the United States tourists coming over the 3,000-mile border between Canada and the United States enter the Dominion over Niagara River was the statement made today by W. G. Robertson of the Ontario Motor Council of the annual reports of St. Catharines and Lincoln Automobile Clubs.

Mr. Robertson said this was due to the thoroughly arranged years ago when New York State and Ontario Motor Tourists' Clubs drive freely between the state and province, and reciprocally serve to give United States State and Canada Province.

Last summer, Robertson said, 2,000,000 United States tourists came into Canada over Niagara River.

Hon. George S. Henry, Ontario Minister of Highways, and Hon. J. M. P. St. Catharines, and Alderman Robert H. Johnston, Acting Mayor of St. Catharines, also gave addresses. Hon. Mr. Henry in his address made the announcement that he was considering the building of a second provincial highway relief to the connection on Highway No. 8 from Hamilton to Niagara Falls. He said that the new highway would run along the top of the Niagara River from Hamilton to the Peace Bridge.

After the hot coffee and sandwiches have been consumed, winter picknickers can find more real relief than warm weather vacations ever dreamed of. One of the most popular "snaps" is a moderated combination of "snap the whip" and tobogganing. With Dad at the wheel of the car, the "kids" which includes, this time, Mother, Annie and Fannie, and all the other grown-ups as well—pile onto the sleds, which have been roped into the back of the car. There are real thrills in whizzing along the road behind this "Twentieth Century Dobbin." Genuine "Picnic Fun" will agree that one of these winter outings is worth half a dozen ordinary summer picnics.

"Mer, you're a swindler—you look yesterday off to bury your mother-in-law, and to-day I met her in the park!" "Pardon me, I didn't say she was dead; I only said I would like to go to her funeral."

## W. C. T. U. Column

### COAST THE COST

It is not surely distasteful to us to face facts and cost the cost that Ontario is paying for the sale of alcoholic beverages. We want to show our eyes to plain facts. What are the facts of the case?

The cost in dollars is appalling. Ontario spends on alcoholic beverages more than is spent on bread, for Ontario's bakery output is at \$129,000,000.

Ontario spends on alcoholic beverages twice Toronto's school taxes and several taxes, and almost as much on the liquor for all Canada.

Ontario spends on spirits, such as whiskey and similar strong liquors, \$12,000,000, an equal to the value of all the gold produced in the province.

Ontario spends on spirits or hard liquors \$12,000,000, a sum equal to the municipal school tax for the whole province.

That is not all the wet money. There is the money spent in propaganda.

The French commercial paper "L'Espresso" (France), dated Jan. 1927, contains a verbatim report of the French wine exportation commission. This report contains some very interesting information on the propaganda in wine capital in several countries. In commenting upon the 125 successes of the anti-prohibitionists in Canada, the commission says claim to a "preponderant share" in this success. Our action summed up in the most diverse forms: drawing up of tracts and pamphlets, distributing them throughout Canada, press publication and controversial far-reaching of funds at the right moment.

The use of alcohol costs more than mere money. Sir Wilfrid Grenville said: "Alcohol has wrecked more children, and murdered more women than any other single factor."

It is not only the cost of the great cause of social crime is DRINK. The great cause of poverty is DRINK. When I hear of a family broken up, I ask cause. DRINK. I go to the saloons and ask its victim the cause. DRINK. This why do not people put it stop it?

## THE TRUTH ABOUT PROHIBITION

About fifteen years ago when John Harlecora was flourishing, the state of Pennsylvania bought six hundred acres near New Cumberland for home for industrialists. The tract and building are for sale. It is not needed under even poorly-enforced prohibition. One of the breweries in many cities held to the property, thinking "boozers" would come back; now, after ten years of loss deferred, they are trying to dispose of the first water plants. Ten years of even partial prohibition has confirmed the United States' long determination to see the noble experiment continued.

## DAILY GIRL COASTS TO DEATH ON HILL

Galt, Ont., Jan. 31.—Eva Hutchison, aged 12, daughter of Mr. and Mrs. James Hutchison of this city, died at the General Hospital to-day as the result of injuries received when she slipped on which she was coasting into a Lake Erie and Northern railway radial car.

She was dragged several hundred yards by the car, and received and injured. Two other children had narrow escapes. Alice Hutchison being grazed by the pilot of the car while her brother was just saved in time to avoid the accident.

One of the most popular "snaps" is a moderated combination of "snap the whip" and tobogganing. With Dad at the wheel of the car, the "kids" which includes, this time, Mother, Annie and Fannie, and all the other grown-ups as well—pile onto the sleds, which have been roped into the back of the car. There are real thrills in whizzing along the road behind this "Twentieth Century Dobbin." Genuine "Picnic Fun" will agree that one of these winter outings is worth half a dozen ordinary summer picnics.

"Mer, you're a swindler—you look yesterday off to bury your mother-in-law, and to-day I met her in the park!" "Pardon me, I didn't say she was dead; I only said I would like to go to her funeral."

## You can call by Number and now reverse the charges

If you want to reverse the charge on a long distance call you do not need to give the name of the person you are calling. It is enough now just to give the NUMBER you want.

You can now reverse the charge on an "anyone there" — or "station-to-station" — call and get a lower rate as well.

When you are away from home you can get your house or office more quickly and more cheaply in calling by NUMBER and you can still have the call charged to your bill at home.
